Market Value does not reflect Other assets and liabilities.

Disclosures:

The Fund is an investment option of VantageTrust or VantageTrust II Multiple Collective Investment Funds Trust, a group trust established and maintained by VantageTrust Company, LLC, a wholly owned subsidiary of MissionSquare Retirement. VantageTrust provides for the commingling of assets of certain trusts and plans as described in its Declaration of Trust, and is only available for investment by such eligible trusts and plans. The Fund is not a mutual fund. Its units are not deposits of VantageTrust Company and are not insured by the Federal Deposit Insurance Corporation or any other agency. The Fund is a security that has not been registered under the Securities Act of 1933 and is exempt from investment company registration under the Investment Company Act of 1940. For additional information regarding the Fund, including a description of the principal risks, please consult the Funds' Disclosure Memorandum, which is available when plan administration clients log in at www.missionsq.org, at investments.missionsq.org for institutions, or upon request by calling 800-669-7400.

a. The short-term Credit Ratings for the Cash Buffer are P1/A-1 and represent the weighted average short-term equivalent ratings of the underlying securities held in the JP Morgan STIF, BlackRock STIF and the Northern Trust STIF. For consistency, the short term ratings of P1/A-1 are equated to the long-term ratings of Aaa/AAA. The Credit Rating shown for each Maturing GIC is the credit rating of the issuer.

b. The relevant Credit Ratings shown for the Tiers 2 and 4 Synthetic GIC portions of the portfolio are the average credit ratings of the underlying securities or funds/portfolios of securities and not those of the wrap providers unless the market-to-book value ratio is less than 100% on a combined Tier 2 and 4 basis; if so, only the difference between market-to-book value when it is less than 100% for that synthetic GIC issuer reflects the weighted average credit quality of that wrap provider with the majority of the balance reflecting the weighted average credit quality of the underlying securities or underlying funds/portfolios of securities. The relevant Credit Ratings shown for the Tiers 2 and 4 Separate Account GICs are the credit ratings of the issuer.

c. Moody's Investors Service, Standard & Poor's ("S&P"), and Fitch Ratings are Nationally Recognized Statistical Rating Organizations (NRSROs), which publish credit opinions, research, and ratings on issuers of securities, fixed-income securities, and other credit obligations. These firms are not affiliated with MissionSquare Retirement or MissionSquare Investments.

d. Market-to-Book - represents the ratio of the market or fair value of the underlying securities/funds/portfolios to the book or contract value of the underlying securities/funds/portfolios. All PLUS Fund contracts are accounted for at book or contract value.

e. Rate/Yield - represents the contract rate/yield on the contract/fund.

f. Rate Type - Variable (Rate changes periodically) or Fixed (Rate does not change).

g. Final Maturity Date with possible earlier staggered payout dates and/or an earlier call date.

h. An unaudited list of the securities/funds backing the Synthetic GICs is available upon request to plan sponsors by calling 1-800-326-7272 or to participants by calling 1-800-669-7400.

i. The Synthetic GICs consist of wrap contracts backed by fixed income funds/portfolios managed by various fixed income managers selected and monitored by MissionSquare Investments. New York Life Ins. Co. wraps and owns the separate account assets managed by NYL Investors. Massachusetts Mutual Ins. Co. wraps and owns the separate account assets managed by Barings.

k. Effective duration measures the interest rate sensitivity of the underlying portfolio. For the portion of the Fund invested in Maturing GICs, an effective duration of zero is assigned since their current values are not impacted by interest rate changes. If a calculated duration is assigned to Maturing GICs it would be 2.96 and the Fund's overall duration would be 3.72 for November 30, 2022.
